Therap Hint New Plans

Every month, new plans begin for a number of the participants that we serve.

That means that their schedules and objectives must be documented on their new forms. Please keep in mind to pay attention to the dates at the beginning of each schedule and objective, as this will tell you the correct one to use.

Therap Hint Health Tabs

There is a neat little side tab on Therap titled "Health." This section documents intake/elimination, seizure activity, height and weight, blood glucose, skin/wound conditions, vital signs, etc.

This allows for people to track these important statistics faster and easier. Please document under the health tab for these kinds of scenarios.

Cheyenne Day of Giving is a non-profit organization that focuses on providing an opportunity for the people of Cheyenne to come together to help out the sick and economically disadvantaged. Day of Giving has supported Magic City throughout each year by donating requested and needed items to our participants.

**Please support the 12th annual
Cheyenne Day of Giving on May 12, 2016!**

Each year, Magic City has received everything from toothbrushes, toothpaste, deodorant, shampoo, and conditioner to fabric, arts and crafts supplies, bed sheets and a whole other assortment of items that have helped our participants in their day-to-day lives!

Jeff's Weather Report

March

March will be warm a little bit windy and sunny.

April

April is going to be warm, no snow ever. Spring is coming.

May

May is Mothers Day. It's going to be nice warm and windy.

Driver Awareness

Research indicates that drivers using handheld or hands-free phones only see about 50% of all the information in their driving environment. This phenomenon is called “inattentive blindness” and can lead drivers to miss items such as stop signs and pedestrians. It turns out using the hands-free system in your car is just as dangerous as using a handheld device.

People drive distracted for many reasons. One of the main reasons is that our society today likes instant gratification. They need to know now.

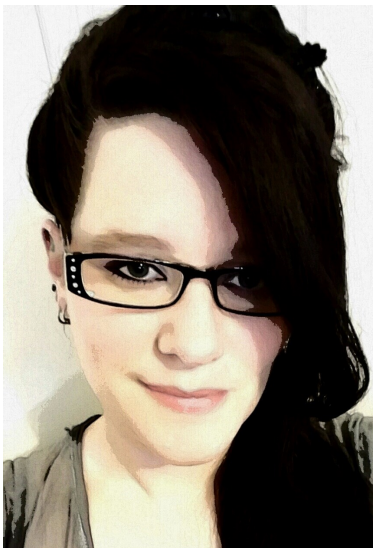

If you really think about it, in most cases you do not need to answer the phone immediately. If you feel like you do, then please find a safe spot to pull over and answer your phone. Then wait about 20 seconds after the call to get your brain refocused on driving.

A Fond Welcome!

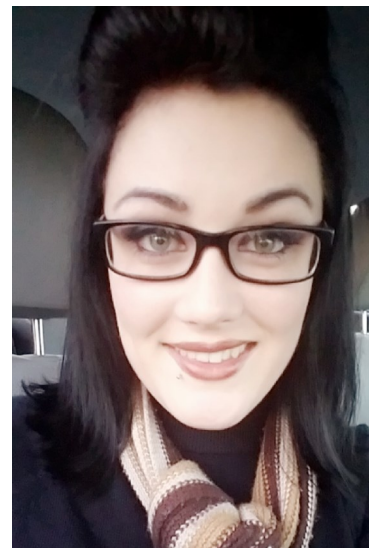

Please welcome these three wonderful people into their new positions! All of these ladies have been with MCE for a long time!

Karena has been with Magic City for almost 7 years. She has worked in the Residential and Day Services programs. She holds an M.A. certification and is now our Health Services Technician.

Shay has been with Magic City for nearly 16 years. She has worked in many of our areas, including Residential, Day Services, and Health Services. She is now our Community Support Planner!

Kristin has been with Magic City for 5 years. She has worked in our Residential program as both a Direct Support Professional and Assistant Supervisor. She is now Residential Supervisor over S. 4th and Sycamore!

Jill was dressed for luck on St. Patrick's Day. Jill attended Bingo at the Burke Senior Center, an activity she enjoys every Friday. Even though she did not win the lucky pot of gold, a friend at the Burke gave Jill the Shamrock plant that she won at the raffle. Jill adored this gift!

MAGIC CITY will be at CHEYENNE COMIC CON this 2017!

Last year, Magic City reserved a booth at this huge Cheyenne event. This year, we will be participating once again!

Please welcome Alpacaglobo Balloons and Funky Mugs Face Painting, who will be sharing our booth with us!

Magic City is accepting donations so that our participants can join in at C3 2017 and so that we can ensure our booth is the best it can possibly be!
